

FOR PAYABLES

Save more than 50% of time on AP*

How it works

Add invoices in a snap

Email, upload, drag and drop or scan from your mobile device. Our automated system takes it from there

Simplify your approvals process

Tailor your approval workflows to fit your business rules, and BILL handles the routing for you.

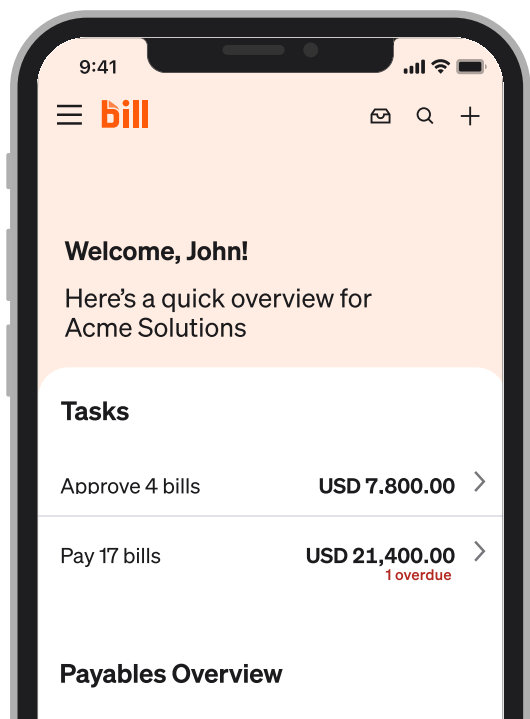

We pay when you say

BILL prints and mails the checks or pays electronically & syncs with your software.

Integrates with QuickBooks, Xero, Sage Intacct, Oracle NetSuite, Microsoft Dynamics GP, and Microsoft Dynamics 365 Business Central.

Why is it better?

	bill	Accounting software only	Typical online bill payment
Unlimited online storage of scanned/emailed/faxed bills, contracts, etc.	✓		
Automatic routing of bills for internal approval – online or mobile	✓		
One-click payment of bills via ACH, international wire, or virtual card	✓		✓
Checks and electronic payments are sent with full voucher/remittance information	✓	✓	
Setting permissions and security so the right people can view, approve, pay bills	✓		
Ability to view status of any bill, anywhere, anytime – online or mobile	✓		
Online access to all cleared checks - searchable by customer/invoice number	✓		Varies**
Automatic sync of vendors, bills, payments and more with accounting software	✓	✓	
Reduce data entry and improve accuracy with automatic AI-driven invoice capture and duplicate invoice detection	✓		

Approve or deny a payment anytime, anywhere

Our mobile app gives you 24-hour access to your business so important bills get paid on time.

*Based on a 2021 survey of over 2000 BILL customers

**Depends on the particular bank bill pay offering. Most bank bill pay solutions provide access to all cleared checks, but the ability to search by customer or invoice may not be available.
